Subject: Does "Senderella" work in PARIS? Posted by Kim W. on Tue, 25 Dec 2018 15:46:06 GMT

Hi all. I remember some years ago there was talk about this VST plugin, that could transfer audio from one channel to another, even across submixes?? Does anyone use it, and does it work? What's the latency??

Thanks for any insight.

Cheers, and a happy new year.

Kim.
