Subject: Paris XP install
Posted by Mike Claytor on Sun, 23 Nov 2008 22:09:14 GMT

Well, in the 4 years or so since I last used Paris I've completely forgotten the install routine for XP. Must be Oldtimers Disease.

Could some kind soul direct me to the instructions?

When I try to install, it extracts files for a moment and then nothing. XP SP2.

thanks!

Mike
