---

I just had to swap monitors on a machine running Win 95. I had been using a 17" Samsung LCD. I switched to an old E-systems 15" CRT. The taskbar at the bottom has disappeared. The computer I,oaded the proper driver for the CRT and I have adjucted the resolution to where it should be, but no taskbar shows up at the bottom of the screen.

Am I hallucinating.....(again)?
