>Anyone got one they could sack for 75 bucks?Just as an update--the EDS 1000 card is
sold...Thanks Bill!

I'll entertain offers on the rest of the system. This system has been used
v

ery little and has been in a smoke-free environment.

Time for my Paris rig to venture out into the world...

I have the gear listed below. Just drop me an email at: dave@blackbirdstudio.com.au
   with any offers.

   3 eds1000x cards with connecting cables.
   2 mec units. 1 with 8 in and 16 out, other with 16 in 16 out.
   1 442 interface.
   3 c-16's.
all black units.

Cheers..
