Subject: Anyone know what would cause .mid files to shift pitch? Posted by Kim on Sat, 06 May 2006 14:26:11 GMT

A mate's band uses some for backing. They do a dodgy and just play them in Windows Media Player (through the sound card's GM set one assumes) on a Windows XP machine.

Tonight they're all playing a tone flat.

Any clues?

Cheers, Kim.
