Hello to all of you PARISians! Brian Tankersley here.

It's been a very long time since I've visited, but it's really nice to see PARIS still being appreciated for it's merits. I'm sure a goodly number of you were members of the old Chuck Duffy forum. The best internet forum of all time. Dang it, I miss that guy! Loved those days of interacting with an amazing group of humans.

Props to you, Kerry, for stepping up to the Plate(mono) and carrying on. And to Mike Audet for being a coding beast! Most impressive!

Seems I'm a little late on this subject, and maybe everybody is already taken care of, and maybe I already said this publicly some years ago (memory gap), but please feel free to distribute the DVD content anyway you wish and to anyone you please, for my part. Come to think of it, I wish I had one myself. Seriously, I do not to my knowledge have a copy. Ironic, yes?

Well, carry (Kerry?) on. And best to all here!
