>Hi All

I'm posting this for a friend and local studio owner

If you'd like more info let me know and I'll pass along his email addy

Disregard the price listed in the ad...he's negotiable.

I've played this kit and although wood rims are not my cup of tea this is a nice sounding kit

I can also provide an MP3 of this kit in a song I did last year for CaPE at the Marsh
