I jut posted this over at GS:

I have some sad news to announce, after a long illness Mikey Dread passed away this past Saturday.

This is from his myspace page:

MySpace.com - Mikey Dread - - Reggae / Dub - www.myspace.com/dadc
For Immediate Release:

Monday, March 17, 2008

father, brother, uncle and friend passed away on Saturday, March 15, 2008 with his wife and family by his side. For those who would like to join us in remembering the wonderful memories of Mikey Dread, you can call or write to:

Monika Campbell,
99 Lawn Avenue
Stamford, CT 06902
Tel: 203-353-1448

Collaborating with him once on a Clash cover really meant a lot to me. Sadly I did not get to know him very well, but really enjoyed meeting him and watching him perform live. God Bless
