Paris, well I think some time she looks good and some times not. I think it would take a special bio hazard suit;)

I think she should get a week in jail for breaking her court order. I thought 45 days was a bit too much, after all the liberal Judges give real criminals a break every day of the week. Then again, 45 days might have really straitened the spoiled brat out.

We better be nice to Paris, some day she will probably become president. After all she is a dumb rich spoiled brat. That's all we seem to elect;)

Come on, man . . . turning rapists and thieves loose on early parole to make room for more potheads with mandatory sentences is not the work of liberal judges or liberal anything else. A few years ago here in Oregon a man caught smuggling hashish got a mandatory 10 years/no parole sentence, while a man who raped and tortured a woman got only 7 and was released after something like 3 years! The explanation given? Prison overcrowding. This is the result of insane drug policies, which are definitely not the work of liberals.

Are you sure you understand what "liberal" means? I ask, because half of the things you rant about sound like stereotypical liberal rants. Not to mention the confusing fact that you seem on the one hand to believe George Bush to be an incompetent idiot while on the other hand supporting the mess he and his cronies have made in Iraq.

Maybe you're a consiberal? A libervative?

My point was, liberal judges give criminal breaks all the time, why not Paris!
A criminal would be getting a break regardless to Jail vacancy or jail overcrowding.

My original post was tung and cheek.
