TAIYO YUDEN is this the brand of dvd/cd I should be using.  
I just ran out of my large stack of 4x -r dvd and the new 16x I tried are  
a no go with my mac based paris rig. looks like I can only use 8x or slower.  
Anyonwe know a good place to buy high qulity dvd and cd?  
Btw I use a tdk 440n portable burn

Thanks Jim

I used to buy all of my media here:

[http://protape.stores.yahoo.net/cd--dvd-and-optical-media-cd -r.html](http://protape.stores.yahoo.net/cd--dvd-and-optical-media-cd-r.html)

I think they carry Taiyo Yuden.
