don'y forget to put your return address on the envelope. no, not
because the PO may lose it, but for the other obvious reason.

r Becker's CD sounded absolutely great. The stuff we're using now is a bit beyond what Roger Nichols was using in 1994.

When I read stuff like this, it puts things back in perspective as far as the *latest, greatest* toys are concerned.I had a DN780 in the mid-'80's in my second studio. The first version of the

chipset that the unit came with sounded really OK but couldn't follow the AMD I used for a couple of years in my first studio. But the AMD costed 4 times more in those days, so when building up a new studio in another town it was too pricey for me. So, then I got the next version chipset sent to me with new type
