Thanks Rod. I know you won't believe this but I really did not expect to hear that Nigel has a ferret named Trevor or that Trevor dines on Caesar Salad in Nigel's pants.

Sincerely,

This just annoys the fuck out of me - I've been clicking on this link for two days, and have yet to actually get to anything besides the promo blurb. The link that says "watch the film" just shows the stupid promo and then goes into something else.

Someone wanna explain to me how to see the actual film?????
