Subject: OT: The Commodore 64... remember the days. ;o)
Posted by Kim on Sat, 08 Apr 2006 09:24:22 GMT

I've just been readong about people trying to revive them on another forum.

Ah the memories. Remember POKE codes? ;o)

http://www.old-computers.com/museum/computer.asp?c=98

And of course it was alledgedly people from Commodore who went on to create
Ensoniq...

Cheers,
Kim.
