Hi,

I need a IF-442 interface.

Trades welcome.

Regards,

Dimitrios

Hello, I just purchased a IF442 along with some other parts and I probably won't use it. I am slowly trying to buy up parts and have located most of what I need. If you were running the 442 you probably don't have any MEC Box TRS ins and outs.

I would trade for a C16. I have someone in here with 2 C16s I intend to buy; one working and another with very minor problems.

You may call me at 615-431-2655

Hi,

I would gladly trade with a C16 but I am located in Greece and the shipping cost would make that an expensive option.

These C16 are heavy little beasts...

Regards,

Dimitrios

Dimitrios, Yes, it may cost too much. I don't think for me to ship the 442 will cost so much. But, a C16 may cost a bit. I haven't gotten the parts yet. But, they are suppose to be in pristine condition and I am hoping yours is as well. I want to end up with two good C16s and a spare for parts.

If you have time to check out the C16 postal costs while I wait for my purchase to arrive; you could do that and let me know if it will be worth it to make the exchange.

Steve

Dimitrios, The more I think about it; I still plan to buy the two C16s here in the states. Would \$70 US be OK for the 442, including the shipping?

Dimitrios, were you interested in buying the 442. It's still in the original box and looks new.

Hi,

I have found one on a trade.

Thank you very much though !

Regards,

Dimitrios
