Another pic setting up for a dum session. These are incredible for drum OH's
and acoustic instruments. Not bad for vocals either.

---=_linux48d80cea--I've had several inquiries asking if I would part-out the stuff I have available. Sure, I'll take offers but I would like to keep the input cards and the ADAT in the MEC for now.

Mike

techniques.

Thought someone might enjoy this who didn't get a chance to get a copy.

\$15.00 + \$2.00 shipping

cleanandsobershow [at] gmail.comHi,

My name is Andrew Longhurst. I used to work for Emu Ensoniq and have various Paris goodies available for sale. These include:
2 x EDS1000 cards, PARIS Pro MEC (Blue), Paris MEC (Black,) Control 16 (Blue),
2 x original Control 16s(Black and tatty - perfect for spares or to make one fully working from the two), 2 x EDS A81 Pro 8 channel inputs for MEC (Blue), 2 x EDS A81 8 channel inputs for MEC (Black), 2 x EDS A80 Pro 8 channel outputs (Blue), 2 x EDS A80 8 channel outputs (Black), 2 x AD1 Pro ADAT I/O cards (Blue, 1 x AD1 ADAT I/O card (Black), and 1 x Ensoniq skunkworks SMPTE Card (EDS STi01 - Black)

I am based in the UK and am open to offers - this is the first time I have put these up for sale and I am offering them here first before looking at e-bay. FYI this is the kit I used to demo with whilst I was the International Product Manager for Emu-Ensoniq.

In the first instance, please email me if you are interested in any of this.

Kind regards

Andrew

il and see if there's some stuff I can take off you!

cheers

Kerr
