I bought and put into storage. I sold the PARIS rig a while ago and just found these. They are still wrapped in the 'Emu-Ensoniq' blue plastic bag.

Never used them myself.

Make me a good offer and they are yours.I have an input card and I am looking for a straight trade for an output card.

I'm going to be unloading 2-8 in cards and 2- 8 out cards when I get back from holidays...just wondering if anyone might be interested in them

Best offer around \$250

shipping from Canada

DonGuys, I purchased an 8 In card from Gary Flanigan and wanted to share that I was indeed pleased with the timeliness in which I received the product as well as the great care in which it was packaged and shipped to me...not to mention the fact that Gary sent me the difference of what was left over from the shipping cost.

Very Pleased with this transaction!!!

Tyronehow much for all 4 cards?
