Hi all,

I'm parting out my PARIS system and have the following items for sale (I also have two copies of all manuals).

The following items remain as 7/25/12:

3 - MEC

0 - 8-in (All sold)

0 - 442 (Sold)

0 - ADAT (Both sold)

1 - SMPTE

3 - EDS cards (1 sold)

2 - IF-2

3 - C16

0 - PARIS 3.0 software license (sold)

Everything is black, except the SMPTE card which is blue.

All are either new or in perfect working condition.

Please make offer. I'm selling for a lot less $$$ than our friend at thesoniq.com.

Buyer pays actual shipping costs. Payment via PayPal.

Thanks!

Mark
