I beleive they are skipping Paris 4 altogether and going straight to Paris 5 to make up for lost time.

I opposed the war when it started, and I still think it was the wrong thing to do - but it's time for the world to put intense dislike for the Bush administration aside and help out.

Having said that, I'm pretty sure that almost 100% of the Canadian army is in Afganistan holding down the fort there. So, I'm not sure how many soldiers we have left to give.

What a world.

I'm still enjoying my intense dislike. Just cuz someone starts something doesn't obligate others to jump in to cleanup their lunacy.

What about the Iraqis? Why should the world's dislike for the Bush family mean they get a civil war?
