I've been looking for some 'decent' live mics for my 7 piece(piccolo snr, 8/10/12/14/16 toms & 20" kik) drum kit to start using in a month or so.... came across these for cheap. I was wondering if anyone has any hands on live experience (or studio for that matter, though I'll probably only use them live) with this micing kit.

Thanks guys!
