Content-Type: text/plain;  
charset="iso-8859-1"  
Content-Transfer-Encoding: quoted-printable

Any of you guys use this?  
Is it good strapped across the main stereo mix?

--=20  
Thanks,

Brandon

Yes, I use it all the time across the master in Samplitude. I need to listen to the updated v2 and see if I want to upgrade.

It can be over-the-top and it can be subtle. It just depends on how you set it. A good approach is explained here:
