is the final list (as it stands now):

- (1) Black MEC. Good condition, a few scratches, works great, missing one slot's front and back cover panel. In original box. \$150 + shipping
- (2) Black C-16s. Very good condition. No cables included unless you REALLY need black ethernet cables. In original boxes. \$125 each + shipping
- (3) EDS 1000. Will include xover cables with 2 of them. One in original box, two not. \$250 each + shipping
- (1) 8-IN Card. Not original box. \$300 includes ground shipping in US
- (1) ADAT Card. Blue, no original box. \$250 includes ground shipping to US
- (1) 442 in great condition, in original box. \$75 plus shipping
- (3) IF2 interfaces, no original box, great condition. \$30 each plus shipping.

Would prefer PayPal with 3% to cover fee. Might be able to accept MO, but ask me 1st. Only ship to US addresses - no PO Box. If you want insurance. I will insure. I will also consider trades for the following items:

TC Powercore stuff
UAD-1 cards
MOTU Timepiece AV or express USB
MOTU interfaces - late mod only, 2408, 896, 24io, etc
UFX and ADAT I/O for Mackie d8b
NI Kore
Certain Keyboard controllers

Thanks again!

JustinI still have a blue Mec (\$75) and a black adat card (\$200). If you want both make it \$250 plus shipping.

TedMan, even though I didn't buy any of you stuff, (being outside the US,)I'm sooo glad you were able to accomplish your mission.

(IMO one of the most noblest of them all....)

Hell, If I displayed your giving spirit a year ago, during a crucial time when it **really** mattered, I wouldn't be the lonely git that I am today.

Well done!!!
