Does anybody remember that post from Chuck? ;o)

Just a little hint. I love talking politics as much as the next man of course...
but I refrain these days due to my role as head newsgroup dude...

Mind you we seem to be staying fairly civil about things generally which is great to see. No intolerable meaningless abuse that I've noticed. Perhaps we could move some of the politics on to the General group though if we want to keep it going. I know some on the group aren't fans of politics in the main group, which I understand and appreciate.

Finish your discussions if you feel the need, but any new threads might be better placed in General if that's cool... I don't want to dampen the discussion. Just don't want the audio discussion on the main group getting lost in the politics...

Thought I'd better say something as it's showing no signs of easing off...
...don't mean to spoil the party. ;o)

Cheers,
Kim.
