ling two complete paris systems each includes:
1-MEC, 1-8in card, 1-8out card, 1-ADAT card, 1-control 16, 1- EDS1000. Manuals,
Paris 3 software, XP drivers etc. included.

They both will be posted on EBAY by tommorow 4-20.
If you have any questions feel free to contact me at my email address.Hi Steve,
I'd be interested in the C-16 with cable. Let me know how you prefer to go
about it, i.e. Western Union transfer? Shipping to Europe, etc.

Best regards

Matthias

 great!
The chords are a bit beat. I had opened the controller a few years back and
didn't get it %100 aligned, but it works great! Once again, you may need
a new chord, but its a standard RJ 45 cable, I believe. This is a full functioning
Paris Bundle II for the price of an EDS 1000 card. Don't miss out!!!

63811&rd=1&sspagename=STRK%3AMESE%3AIT&rd=1Ok, the Bundle III parts are going fast...
Here is what I have left;

(1) Paris Mec $200
(1) Paris In $300
(1) Paris In $300
(1) Paris c-16 SOLD (pending)

---

(1) Paris Out SOLD
(1) Paris EDS 1000 card SOLD
(1) Paris Video DVD SOLD

All of this gear is in very good condition, very clean and only used in my
smoke and dust free studio. This system is in PERFECT working condition.

I'll cover shipping via UPS (inside US only).
