und the now line will stop =  
responding to=20  
both the c16 and the transport.&nbsp;Nothing seems to be able to start =  
it again=20  
w/o shutting down paris.&nbsp;??</FONT></DIV></BODY></HTML>

-----=\_NextPart\_000\_003A\_01C5EAED.24254C20--Hmmm, Me thinx it is not set to scroll to now  
postion. I am not infront of  
my machne.  
That option ins under views I think

No need to restart paris, just close the editor window(s), and reopen. I find this lockup happens when you click in the blank area below the blue smpte time ruler at the bottom of the editor window.

Resize so that this blank area is not visible, and you won't have this problem.
