Have not been on here for awhile... getting caught up

You posted a song a while back and said you were shopping a CD for Distb.
What ever happened with that?? You did a great job on the song!

Hey Rich !

Thanks for your concern !

Well I don't know what to do to reach a good distributor.

Morgan has sent the song to BrianT but nothing has come as an answer yet...

Thanks again for your concern.

Regards,

Dimitrios

Is it on a complete CD? If so, put it on CDBaby, and opt to have them place it on iTunes, Rhapsody, all that stuff... if it's truly a hit, it'll get noticed & you'll be fielding proposals. That'll cost you like 30 bucks.

Or you could try Taxi - that's all they do is shop stuff, but that costs a couple hundred from what I hear.

Thanks Neil,
I know taxi and unisong.
I prefer though find a real cd distributor and not an online party ,by the
time I will finish all the mixes which are not quite ready !
Thanks for your concern.

The Monkees have been quite happy with CD Baby. I also rip the tunes to FLAC and .ogg files and release them into the file sharing wilderness.
