Hi Guys

This is a repost from the Womb

Lucinda Dugger from The Copyright Alliance -
http://www.copyrightalliance.org - just emailed the following to me,
requesting that I forward information about their online survey to members
of the music community. Questions about this survey should be addressed
directly to Ms. Dugger @ LDugger*****copyrightalliance*****org and NOT to
the Womb BBS.

*****

The Copyright Alliance - a non-profit, non-partisan educational organization
dedicated to the value of copyright as an agent for creativity, jobs and
growth - is doing a short study on how artists and creators view copyright
laws and issues, whether or not they find them important, and how likely
they would be involved in an organization that works on behalf of creators
to protect copyrights. Artists and creators of all types - singers,
songwriters, visual artists, writers, actors, web developers, software
designers, etc. - are encouraged to fill this survey out.

The survey should only take 3-5 minutes.
