A friend of mine asked me if I could try to find a rubber pinch roller for a Revere 1/4" reel to reel (circa 1950's?) I told him I didn't know any source but would try.

Any help would be appreciated.

Thanks,

Don

Start with Carl at Coast Recording Equipment Supply in Hollywood.

(323) 462-6058

He should be able to help you find a source if they don't have it.

you might hit the usual elec parts houses... digikey, mcmelectronics, parts express. Go to a repair shop, ask them where they get their parts from. Size the new part from the old part, assuming that you still have the old part.
