Deej,

I'm chuckling because you misspelled "qwerty".

And Rod,

what is the meaning of "assinated"? Because I'm pretty sure that's what a friend was trying to describe... well, never mind.

Reading these posts always makes me giggle.

Very funny - and that holy-head-banging shows how much that Islamic fellow has in common with our own homegrown US head-bangers. Different scales and rhythms but plenty of similarity...
