Sorry if this is old news, but I only read this tonight.
It pretty much sums up what we all know. I nearly cried!

I'm off to listen to one of my fave recordings.

Byron Janis plays Rach 2, recorded in '61 on film stock.

This brings on a different kind of tears... simply BEAUTIFUL!

Beware of that page!!

There is something very wrong there. A virus or something.

The window with Fagen on it closed and a small Firefox notice came up down in the corner asking me to install their "antivirus"....

Firefox - OSX.4.11
