Hi Everyone

I am selling my PARIS system, I noticed that I've had lots of view on last post but no PM's, so I guess I need to sell individually here is what I have, I will be putting it up on EBAY and Craig's List next week (1/7/2013):

1 x MEC interface = \$75.00  
2 x EDS 1000 = \$125.00 EACH  
2 x Control 16 = \$75.00 EACH  
1 x 8 out card = \$125.00  
1 x 8 in card = \$125.00  
1 x Adat card = \$125.00  
1 x IF 442 = \$75.00

As noted above would like to sell as one package, priced individually it's \$925.00. But if someone buys entire package I will sell for: \$650 US Paypal, Cash or MO only - does not include shipping from Tucson, AZ 85743

Please PM if interested  
Kindest Regards,  
Brad Lund

Hmm lot of lookers but why no takers

Make me an offer; I am fairly flexible.

Please send offers or questions to: blund69@gmail.com

I really want to move this stuff and prefer not to send to the landfill, like I did with all of my Behringer stuff

Thanks For looking

HEHE Not comparing PARIS to Behringer - not even close - rather \_ I had a bunch of that stuff and could not sell it so I threw it all in the dump!! It worked just fine! I miss PARIS but since no one has picked up the product line, I cannot use it.

I am using Apogee Symphony + Logic ( I actually loved the sound of PARIS Audio engine much more but alas it will not work with my new rig). Someone please save this setup from the landfill, it is taking up space I need back and buy it

Regards,  
Brad
