Forget my last post, it was a GC bate and switch! I got the ad in the mail yesterday, there telling me they haven't had them in stock in some time.

I had them check nationwide, nothing. It's too bad somebody doesn't hold these a**holes to the fire and find them for this shit. I think a \$25,00.00 find might wake them up. The guy even tried to get me to come in and show him the ad. What bullshit!

James
