I got my new UAD-1 card... Swapped out both of my old cards, one at a time.
Still getting extraneous clicking noises. I am seriously bummed. I called
uaudio tech support got the same old line - "We don't support Paris any more.
We don't support Mac OS 9 any more.

Are any Mac Paris users running UAD-1 Powered Plugins v.3.9? Are you having
problems?

Thanks!
