hey everybody,

it's been a while since i've been here. still using paris but about to sell everything (i may keep paris so that in ten years when suddenly, everybody's drooling for that great, "vintage paris sound" i'll sell it and retire). i have mics, pres, racks, etc. i'm selling it because i'm about to move out of my home and live a life of touring on the road. so, i need to get a laptop and a mobile recording setup for recording simple demos on the road. i'm keeping one at4050 for vocals, and am planning to get a rode nt4 for stereo micing my ac. guit. any suggestions about programs and firewire micpre interfaces?

thanks!
