so glad that you guys are still here!!!

i was so sad when i heard about Brian, i dont know why(i did not knew him)

so many have left in few years, like old world is dieing...

i listened some stuff that i made on paris... and i was woohooo...WTF!!!

im going back to PARIS.... so i was thinking that youtube is so much better place to get to the new users or people in general ... then vimeo.

so we can construct or widen the community there...it is a DIY platform haha(as i see it)
