Damn, i guess you don't know me.

Let me just say , i'm usually pretty mellow and a nice  
guy, this whole thing just hit me the wrong way.

Like i said in an earlier e-mail, we have a family staying  
with us for a couple more days here, and it's a terribly sad  
condition these people are in, which we all agree with i'm sure. I think  
my

emotions are just a little too raw at this moment, and i  
let this get to me.

I go to the Paris newsgroup to get away from the stress of  
the world in a way. Then to see all the BS on here after  
not reading the newsgroup for a few days, was a little  
overwhelming.

Take it how you want.... i'd back up just about everyone on  
this newsgroup the same way.
