I have two complete PARIS systems  
#1 has Mac G4 750 with 2EDS 1000 cards  
2 of the one rack space interfaces  
I'm not sure what the model number is  
but they only made two interfaces  
the MEC and this one

#2 has a MAC G4 dual 1000 with 2EDS Cards  
and 2 control 16 surface blue  
2 MEC's  
I have an extra control 16 black face  
they both have the latest PARIS software installed  
and they sync up

I'm just trying to see what I can get for this stuff

the gear is in San Jose CA.  
I am in Beijing I will be going back home sometime in July  
to sell somethings and move to China  
I'm not completely sure that I will sell my PARIS gear  
but if I get the right offer.

anyone interested please feel free to contact me

THX.  
Clifford
