resource for this, just point me there!

Many thanks in advance,

Dan<http://www.gracedesign.com/products/faqs.htm>

I'd start out there. You can probably pick up some more opinions at harmony central and the like out on the web.

You might also hit ebay, I believe they used to have a hybrid 4 channel unit out that I don't see in the current line up that went over pretty well in the marketplace.
