Hi Paris Members

I just want to tell that last year on end of october was realased a Record
(real BLACK plastic) with my tracks fully mixed and recorded on 48ch PARIS
DAW

NO VSTi OR VST FX HERE.....and its electro house wich sounds like retro
from 80.....

its FAT track....that is one of reasons why I LOVE PARIS...

Track is recorded with..Linn, Prophet 5, OBXa, Juno, E4 and some other hardware.....

also last two months record hit high some club charts in Europa and USA.....

Im telling this couse I LOVE MY PARIS and its best Digital System to record
FAT club HOUSE Music....

here is a link to UK distributor and some mp3s:
