Hey Double A, how are you? Hope all is well in Tulsa. I did a gig with Will Downing in Panama City, Florida a couple of weeks ago...a festival with Will D, Boney James, Wayman, etc. Wayman performed after us and I had a chance to speak with him and mentioned that I knew you. his face lit up.

It's great to see him working and so vibrant despite things. Sorry for the open email, but your email addy was bouncing back...likely my end.

Tyrone

I'm very sorry to hear of Wayman's passing, AA. My most sincere condolences, both to yourself and to his other friends and family - he sounds like an exceptional person.

Tomorrow will be tough.. the viewing.... but my thoughts are mainly on the family and how they'll miss the kind of light he had on all the time. Local reports are expecting about 20,000 folks to show up at the funeral Thursday.

Your post is perfect Tyrone, not a thing to apologize for bro. He was quite the explosion of sunshine wasn't he? I sure appreciate you telling me how he lit up, made my day. That's the stuff bro, that's the stuff. So glad you got the chance to sit down with him.
