carcass that I might try though. I won't technically need it for a while,
there's an HD rig occupying the studio space for several more months til
some TV stuff ends.

igslist. The initial inventory of stolen gear:

PARIS system MEC rack with 4 in/out; did not take the Control 16; the rack will not work without one

Pair JBL 4410A speakers

Carvin double-neck 12/6-string electric guitar, blonde, 1970s era, 12-string on upper neck. There's a split in the finish behind 12-string headboard opposite the nut

Parker Fly electric guitar, 1990s, dark blue

Marantz CD620 CD Recorder; did not take the remote

Marantz CDR500 CD recorder/duplicator

SSI Products consumer Pro-Logic decoder

Sony consumer cassette deck

Sanyo(?) consumer CD player

More, as we take a complete inventory.

Thanks,

Curt,

Northstar Recording, Portland, Oregon didn't have a real email, so I'll reply here, hope that's cool.

Actually the

Paris system will operate without a Control Surface 16 on it, FYI. The rack will not work without an EDS card, however.

Really sorry to hear about this. Getting robbed is one of the worst feelings I've ever had.

I'm in Portland also and will keep my ears open if I hear anything.

Really sorry man!
