Viewed in terms of artistic merit, that's perhaps the most beautiful photograph
of smog I've seen.

This was the best part of our trip to Leadville's Boom Days last weekend
(rained out). This is a lake near Freemont Pass between Leadville and I-70
- any idea of the lake's name DJ?

Everything sure is green here though. It would be nice to make it through
one day without a storm and rain.
