while one card works which is enough for what i need to do i no longer have working ppj's. even though i arm the tracks nothing gets recorded (yes, the channels show a signal coming in). so if any of you could email me the above i'd appreciate it immensely.

what it is that i'm older and dumber than i used to be. i went back in and figured it out...yeay me.

thanks

Older and dumber? Must be some sort of virus going around, I have it too .

Glad it's sorted. All's well then?

- K
