DeejHi,  
Yes this can be done with a desktop.  
Fo laptops there are other magma configurations with PCMCIA card.  
For any desktop though you can have another 7 pci slots available.  
I can send you pictures of my magma.  
If you decideyou want this I have to calculate shipping cost and you can  
pay using either IBAN swift transfer via bank or Paypal.  
On paypal though there is a 4% interest.  
Regards,  
Dimitrios
