My old pc finally died. Can anyone point me to the best information for
setting up Paris on Windows XP Pro?

Does anyone still authenticate the Paris 3 Pace information - what address
to send to and do they respond?

Thanks!

We are still providing challenge/response codes for PARIS owners. Send
your challenge code, your license/key number, and reason for
reauthorization to support@intdevices.com. Please allow 7 days for a
response e-mail
