Help,
I had a complete computer meltdown and am in the process of reconfigurating
my new system. I have everthing I need for running Paris 3.0 on XP, except
I can't find my Paris 3.0 (I had it backedup on my second harddrive, which
I lost along with my system drive when my computer melted down). I can't
find the 3.0 CD anywhere.
Where can I download 3.0?
Thanks,
Ron
