A friend just returned from Thailand. He said it's back as far as tourism goes in most places. He said Laos was incredible.

Have a good one.

Just FYI, since some people here are kind of internet buddies, I'm taking two weeks vacation. One in Thailand and one in Japan. Both hanging out with a good friend who has been teaching English in Osaka for eight years. I'm going to try to do a blog/picture thing on my gmail account and I'll post the link here. Should be a hoot.

When and where in Thailand? I've been a couple times. Good times. Might be there second week of April. If I don't make it, would love to live vicariously through the blog.
