This is a multi-part message in MIME format.

-----=_NextPart_000_0012_01C69C63.234508E0
Content-Type: text/plain;
 charset="iso-8859-1"
Content-Transfer-Encoding: quoted-printable

Hi all

Are there any kind of utilities that will convert PPJ files, independent =
of PARIS, into some other form? My PARIS system crashed a while back =
and frankly I do not want to rebuild another system. But I had some =
great mixes in PPJ format that I would love to transfer into Nuendo. =
Any help is appreciated!

Thank you

I'm pretty sure there's nothing available to convert PPJ files. You could render the tracks from the same starting point (with 3.0) and then import them into another DAW, but you will lose your mixer settings.

rock on,
-Carl

I asked Axel Gutzler (Cui Bono Soft) to support Paris several times, but
it never happened.

There is the pafwav converter. I think it was created by former Parisite =
Dean Richard.It's 450kb so I son't want to attach it to a post to this =
NG, If you want to send me a PM at animix@animas.net, I'll e-mail it to =
you. It converts .paf to .wav.

Deej

OH that's right! You two are the same day. I wondered why he was your birthday monitor. Happy birthday Martin too!

Cheers,
Kim.
