Deej called & also e-mailed me & seemed to think I was offended at something herein, and it seems James' comment about "you can dish it out, but you can't take it", indicates that he felt the same way... well, no one's offended me or insulted me here (not lately, anyway - at least not that I can recall), so I just thought I'd clear that up. My whole reason for leaving is simple, and that is: there are simply no posts about music here anymore.

I mean, I've not posted here much lately, but I have checked in, and when I realized that yet another week had gone by with nearly zero music or recording-related posts, I just tired of it.

I never minded the occasional OT thread, and in fact, I always felt that some of those were part of what made this community interesting (Deej's dogs, Don's pics of the latest snowstorm, etc.) But, good gawd... look at the past week or two's worth of topics - forget about the fact that the community is smaller & hardly anyone uses Paris anymore, does NO ONE here want to discuss music-related stuff, but rather simply use this as a forum for anything BUT?

Anyway, who am I to tell you what to do with your sandbox? If you want to play in it in it's current form, then feel free... it's just not for me anymore.

Neil
