Hi Rob,

You can contact me directly about a clean Paris.exe.

Email me.

Rob,

You replied to a post I did 8/15 thru 8/17 in regards to a Paris.exe file
(no pace) but I wasn't able to reply until yesterday 8/25. Post subject was
WinXP SP2. Sorry for the week delay. I don't have access to the newsgroup
when out of town. You asked if I needed a clean (no pace) Paris.exe. I
would really like that or knowledge how to modify my purchased copy of 3.0.
So, I thought you could contact me directly. All cleared up? Thanks for
helping.

Wayne
