Remember Derek talked about Nena Band here, that they had great succes with a number one hit in Germany and that he was using computers for all the keyboard stuff he was playing in the group in those days.

Hey Bill

Thanks for the post. I think about Derek now and again. He was a great supporter of Paris. I always checked out what he had to say and found it real helpful.

I think Derek's been playing in Nena's band for quite some time, even when he was posting here.

Yes, that's correct. One of the last conversations I had with DVK was about Nena and how they were doing currently here.  
Sure glad you decided to hang man.
